<b>Where the placement is based</b>	Hardy Ward, Esher Wing
<b>Clinical supervisor(s) for the placement</b>	TBC
<b>Main duties of the placement</b>	<p>The Gastro-enterology FY2 placement is based on Hardy Ward (23 bed ward). Normal ward weeks are 9am-5pm with opportunity, where staffing allows, to shadow in Endoscopy, Medical Day Unit (ascitic taps) and in clinic, as well as attending daily MDT meetings. You may also be required to help with Gastro referrals mainly through documenting. There is also a weekly Journal Club with opportunity to present.</p> <p>Normal ward days involve morning ward rounds, midday board round meeting then completing jobs in the afternoon. You may see patients on your own during the ward round, or alongside the Consultant or Registrar who you should be able to discuss any concerns with. Usually one Consultant is covering the ward for 2 weeks at a time. Patients are often admitted with upper GI bleed, acute liver decompensation as well other general medical presentations.</p> <p>The on-call requirements of the Medicine SHO rota involve ward-cover (evening and weekend cover of</p>

	<p>medical wards on Esher wing), AAU ward cover (evening and weekend cover of the Acute Assessment Unit), Clerking shifts (seeing patients in ED) and SDEC (Seeing patients in the same day emergency care department).</p>
<p><b>Typical working pattern in this placement</b> (e.g. ward rounds, clinics, theatre sessions)</p>	<p>The current Medicine SHO rota runs on a 16 week rolling rota alongside the IMT and ACCS trainees.</p> <p>Interspersed between these normal ward weeks (9-5) involve the on-call shifts which include a variety of the following shifts:  SDEC – Same Day Emergency Care  Day Clerking, Night Clerking and Late Clerking  Evening ward cover, weekend ward cover and night ward cover  Evening AAU cover, weekend AAU cover and night AAU cover.</p>

<b>Department</b>	Palliative Medicine Department
<b>Type of work to expect and learning opportunities</b>	<ul style="list-style-type: none"> <li>• Take a history and examine a patient</li> <li>• Identify and synthesise problems</li> <li>• Prescribe safely</li> <li>• Keep an accurate and relevant medical record</li> <li>• Manage time and clinical priorities effectively</li> <li>• Communicate effectively with patients, relatives and colleagues</li> <li>• Use evidence, guidelines and audit to benefit patient care</li> <li>• Act in a professional manner at all times</li> <li>• Cope with ethical and legal issues which occur during the management of patients with general medical problems</li> <li>• Educate patients effectively</li> <li>• Take part in monthly Palliative Care journal club</li> <li>• Attend weekly Kingston Hospital Medical Grand Round teaching</li> <li>• Attend weekly Princess Alice Hospice remote teaching</li> <li>• Teach medical students when on placement</li> <li>• Teach members of the MDT</li> <li>• Attend management meetings: Kingston Hospital Palliative Care Business meeting and End of Life Strategy Group</li> <li>• Complete a palliative care service development project</li> <li>• Complete the European Certificate in Palliative Care through Princess Alice Hospice (optional)</li> </ul>
<b>Where the placement is based</b>	<p>Kingston Hospital – with the Palliative Care Team who cover all wards within the main hospital site</p> <p>Princess Alice Hospice, Esher- on inpatient unit. May be possibility of spending time with the community team.</p>
<b>Clinical supervisor(s) for the placement</b>	TBC

<p><b>Main duties of the placement</b></p>	<p>You will spend three days a week working as part of the Palliative care team at Kingston Hospital and two days a week with the team at Princess Alice Hospice, in order to gain an understanding of cross boundary care.</p> <p>At Kingston Hospital, palliative care is an advisory service. This means that we work alongside clinical teams in the hospital, offering advice and support to staff on the wards. We do not have a palliative care ward and there are no inpatients admitted under the palliative care consultants.</p> <p>At both Kingston Hospital and Princess Alice Hospice, you will work as part of the multi-disciplinary team, clinically reviewing inpatients and implementing a management plan. You will carry out single and joint reviews with other colleagues, and accompany palliative care consultants on ward rounds. You will liaise with community palliative care and take part in the weekly palliative care MDT.</p> <p>You will review patients in the Emergency Department and Acute Assessment Unit at Kingston Hospital and experience ‘front door’ palliative care. You may have the opportunity to spend time with the community team at Princess Alice Hospice.</p> <p>You will develop skills in recognising and diagnosing dying, understanding the difference between palliative care and end of life care, prescribing opioids and end of life injectable medications including syringe drivers and being able to deliver holistic, person centred care with complex MDT working. You will have the opportunity to develop advanced communication skills and knowledge of cross boundary working (across hospital and community).</p> <p>There are opportunities for education, teaching, quality improvement activities and management experience as detailed above.</p>
<p><b>Typical working pattern in this placement</b> (e.g. ward rounds, clinics, theatre sessions)</p>	<p>09:00-17:00 Monday-Friday</p> <p>There is no out of hours or on call commitment</p>

<b>Trainee Information System (TIS) Post Code</b> (and local post number if known)	LDN/RAX01/021/F2/003
<b>Placement details</b> (i.e. the specialty and sub-specialty)	F2 General Surgery – EMS
<b>Department</b>	General Surgery Department
<b>Type of work to expect and learning opportunities</b>	<ul style="list-style-type: none"> <li>• The application of clinical skills to patients who are acutely ill after an emergency admission under surgeons or emergency surgical procedure</li> <li>• Take a history and examine a patient</li> <li>• Identify and synthesise problems</li> <li>• Prescribe safely</li> <li>• Keep an accurate and relevant medical record</li> <li>• Manage time and clinical priorities effectively</li> <li>• Communicate effectively with patients, relatives and colleagues</li> <li>• Use evidence, guidelines and audit to benefit patient care</li> <li>• Act in a professional manner at all times</li> <li>• Cope with ethical and legal issues which occur during the management of patients with general medical problems</li> <li>• Educate patients effectively</li> <li>• Become life-long learners and teachers</li> </ul>
<b>Where the placement is based</b>	Kingston Hospital – General Surgery Department
<b>Clinical supervisor(s) for the placement</b>	TBC
<b>Main duties of the placement</b>	<p>Working as part of the General Surgery Department mainly covering patients on Alex and Astor ward on the 4<sup>th</sup> floor Kingston Surgical Centre. The General Surgery Team is split into 3 teams: Emergency, Colorectal and Upper GI. You will work within the Emergency Surgical team and help with ward rounds and jobs. Ward rounds mostly led by the Consultants and Registrars. Scheduled opportunities to assist in theatre (including minor ops) and attend ambulatory clinic with Registrars and Consultants.</p> <p>Work as part as the on call SHO rota clerking and taking referrals, mainly in A&amp;E but also from other teams within the hospital. General surgery registrars are not on site overnight unless required clinically but easily contactable.</p> <p>Whilst on call you also cover Urology as crosscover. During weekday hours the Urology registrar is in hospital to discuss and review patients. Out of hours the urology consultant is accessible via switch.</p> <p>Medical Education is well developed in our department. There is a formal teaching program led by the educational fellows on regular basis. Extra opportunities exist related to</p>

	journal manuscripts publication and presentation in national and international congresses. Furthermore, on top of local QIPs there is a chance of participating in multinational audits and projects under a Consultant supervision and guidance.
<b>Typical working pattern in this placement</b> ( <i>e.g. ward rounds, clinics, theatre sessions</i> )	Ward work 7.45- 17.00 with 1:12 rolling rota including weekend and night on calls.
