Placement details (i.e. the specialty and sub-specialty)	General Surgery												
Department	Surgery												
Type of work to expect and learning opportunities	The department of Surgery at UHL is divided into different sectors (vascular, colorectal, upper GI, Orthopaedics) although general surgical on calls are covered by both the colorectal and the upper GI team. It is a very friendly environment, with a varied range of activities (emergency and elective theatre, outpatient, ward cover)												
Where the placement is based	University Hospital Lewisham												
Clinical supervisor(s) for the placement	Mr David Birch, Ms Clare Byrne, Miss Cynthia Borg, Mr Alex Uzkalnis												
Main duties of the placement	The foundation doctor is expected to attend ward rounds, request appropriate tests and chase results, complete discharges for patients and arrange outpatient tests if required. They are expected to attend patients who are unwell and start appropriate treatment and liaise with senior team members. They are also responsible for pre- assessment of some of the surgical patients. During on calls they cover general surgical wards, and help clerk acute surgical admissions and present on consultant ward rounds.
